Dear Parents of Junior High & Elementary Students,

You are our most important partners. Together, we share the same goal: helping your child thrive in school and in life. To support this, Arborland has introduced **Jupiter Ed**, an online platform that will allow parents and students to stay informed about weekly lessons and academic progress in real time.

What is Jupiter Ed?

Jupiter Ed is a secure, web-based tool that makes it easy for parents and students to stay connected to what is happening in the classroom. By logging in at www.JupiterEd.com, you will be able to:

- Monitor your child's weekly lessons and progress
- See assignments from all subjects and teachers in one place
- Receive updates that prevent surprises at parent-teacher conferences

Who should use Jupiter Ed?

- **Elementary and Junior High Parents** – to have a convenient window into classroom progress.
- **Junior High Students** – to take responsibility for their learning, check assignments, and track their own progress. (We intentionally keep the elementary students out as we feel that their maturity level may take this the wrong way.)

Things to Keep in Mind

While Jupiter Ed is a helpful communication tool, it is not the full picture of your child's Montessori education. Montessori values the process of learning, self-directed exploration, and holistic development, while Jupiter Ed focuses more on academic tracking. Please remember:

- Use Jupiter Ed for quick check-ins, not as the sole measure of your child's growth.

- Consider numerical scores as continued learning opportunities, not numbers to define a child.
- Continue to emphasize effort, curiosity, and personal development along with results.

Access Information

- Login information will be emailed to the parents/guardians listed on each child's enrollment form by the first week of school.
- Junior High students will also receive their login information via email during the first week of school.
- For a general overview, you can view this [tutorial video](#). Please note that although not perfect, our Arborland system has been customized to reflect Montessori values, so your parent view may look different from the video (i.e. no letter grades will be shown for 1st-6th grade students).

A Final Note

Education is more than academics—it is about the whole child. Using Jupiter Ed does not change *what* we teach or *how* we teach. Arborland Montessori will continue to provide a nurturing environment, dedicated Montessori teachers, scientific Montessori materials, and a rigorous curriculum. Jupiter Ed is simply an additional tool to help you conveniently understand your child's learning and progress.

We look forward to exploring Jupiter Ed with you this year!

Warm regards,

Veronica Chen
Principal
