

Hello, my name is Suzanne Currey. I have been teaching at Arborland for 24 years. I love working with children because they teach me something new everyday. I have my AMS Montessori Credential and am currently the Childcare Supervisor. My husband Darryl and I have two children who are Arborland alumni and are excelling in life. I am gluten free, love Zumba, art, and making materials for the classroom. I am excited to see the children's progress this year!
